Legal Sale Day.

Last Monday was legal sale day, and it was marked by quite a number of events. During the legal hours of sale gists. the following properties were offered at public outery:

The drugstore business of the late in next month, September 4th.

Three printing presses and two gas engines, levied on as the property of I B. Hilson, were offered by the sheriff o' Leon county, acting through Deputy John B. Hopkins, to satisfy a judgment of the circuit court in favor of the American Press Association and a judgment in favor of the Holly Paper Company. One of the gas engines, a Morse, was bid in by W. A. Rawls for one dollar. The two Cottrell presses, a Gordon job press and an Otto gas engine were sold to John G. Collins for \$250. At the sale Mr. Rawls gave notice that the Capital City Bank held a mortgage against Mr. Hilson, the defendant in the judgments; but upon investigation and legal advice procured by the deputy sheriff, it appeared that the mortgage did not cover the property sold to Mr. Collins, the proprietor of The True Democrat printing establishment, and that they were not in Mr. Hilson's possession at the time the mortgage was given, the same then belonging to and in the office of the now defunct Tallahasseean newspaper. A Whitlock press, also levied upon, was not offered, the owners, J. H. Schroeder Bros., of Atlanta, being present with their attorneys and showing title to the same, it having been purchased by Hilson on the installment plan, the ownership to re-

A Strong Letter.

We gladly present to our readers, without violating the confidence of a correspondent, the following extracts from a letter received from a subscriber residing in the North who is a regular winter visitor to Tallahassee, and has at heart the interests of our peo-

"I was pained to notice in your last issue the action of the Pardoning Board in the case of Mr. W. L. Taylor. My family and myself-those that knew Mr. Taylor-have watched with a great deal of interest the outcome of this mountains of Carolina, the seashore of Virginia, and to Washington, D. C., August 16th.

The round trip rates from Jackson-ville to Lincolnton, Marion and Rutherceedingly that the Pardoning Board were not sufficiently touched by their appeal to show mercy to Mr. Taylor. The action of Judge Liddon in appearing in opposition to the ladies has been truly characterized as insulting, and I am only astonished that the Pardoning Board would have for one moment listened to him under the circumstances. I was deeply touched by the tender appeal made by some noble lady to Judge Lamar, and do not see how any one with an iota of manhood or feeling could have turned down that strong and kind appeal as Judge Lamar did in his telegram. I did not see how any man acting as Judge Lamar has can rest in peace. Certainly both the men and women of Leon county would be justified in giving him the cold shoulder.

Summer Diarrhoea in Children.

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O. Stockland, pastor of the first M. E. church, Little Falls, Minn., writes: "We have used Chamberlain's Colic,

seems to be the vagrant's paradise, and they come to this State from all over the country. Many of them find it not uncomfortable this season of the year to sleep in the open air, and by odd jobs and stealth can eke out a living. They shun honest work, as it is a well known fact that continuous complaint is made about a lack of help on farms and in homes or shops.

All of the vagrants are not males, and this should be borne in mind, as well as the fact that all male idlers are not colored. There are many men in almost every community who have no visible means of support, though they seem to fare well and walk the streets with the

air of millionaires. Gather them all in, and let the honest, hard-working people know how those who do not work exist. Solve the problem, and perhaps it will reveal secret crime or infamous exactions upon some one else to support them (the vagrants) through criminal or immoral practices. There should be no discrimination in enforcing the law.
